

**Join the SCGA as we unite and amplify the golf industry's response to the LA wildfires. Together, we can make an impact and showcase the game's philanthropic spirit and generosity.**

Along with a matching gift of \$250,0000, the SCGA will execute a comprehensive and highly visible fundraising campaign, which will include frequent messaging to our 200,000+ members, 1,500 member clubs, and the broader golf community as we encourage widespread support of the program.

The SCGA will utilize its vast communications program, including digital and print vehicles to share updates with our audiences on how the golf industry is supporting relief and recovery efforts. As a contributor, you will receive partner status on various campaign collateral, including the SCGA's landing page, and within forthcoming issues of the SCGA's award-winning FORE Magazine.

Your support is critical as it shows the strength of the greater golf community and encourages others to join us for a more substantial impact.

**Let's make a difference together.**
